

RULES & INFORMATION

Let's have fun in a safe and healthy environment.

If you feel sick or have a fever, please take a rain check- We will see you when you are better!

- The first week of League Starts Monday, January 15th - League Ends Friday, April 5th.
- Cost \$600/Team, \$300/Person.
- Cannot make your scheduled time for the Week? It is no problem! Call or book online Monday- Friday anytime during the 12 weeks at no charge. When checking in just mention your team's name and we will get you going. We are very flexible! Substitutes are allowed. Subs scores are recorded for the individual missing, they cannot shoot worse than the previous week.
- Teams are always allowed to play ahead with no extra fee attached!
- **It's very important to let us know in advance if you are not coming so we can open the sim for public play!**
- **IF you make up a missed round on the Weekend you will be Charged the Hourly Rate!**
- Women and JR (14 under) Tee off on Red/Green Tees (Forward Tees) – Men over 65 Tee off on Red/White Tees (Up Tees) – Men Under 65 Tee Off White/Blue Tees. Tees will be adjusted based on course length.
- 12 Week League, – 9 Holes every week with your partner. Floating handicap- Stroke Play- Combined Scores. Week 1 – 4 are play-in weeks to establish handicap. After Week 4- Stix League will be separated into 4 Divisions. Divisions will be based off Total Team Strokes through the First 4 Rounds. Handicaps will carry over.
- *The Team with Lowest NET score by Week 12 gets their names engraved on Stix Championship Plaque and a Stix Platinum Card (Value \$1000). Division 2-4 Winners will receive Trophies and a Prizes. Tie breakers Decided by Total Gross!*
- *The Individual with Lowest Gross will receive a Stix Engraved Decanter filled with their Drink of Choice. 2nd & 3rd Place Awarded Medals.*
- **Remember this league is for FUN and to get Swings in when you can't outside. Enjoy our atmosphere with Beer, Food, and Sports playing on the televisions!**

HANDICAPPING FOR TEAM (NET)

- Week 1 - Week 4 are play-in weeks to establish an initial average score and Total Strokes.
- Week 4-12 Each Player's Scores are adjusted by a **maximum** of **4 shots**. The players handicap will continue to adjust with no limits.
- Scratch players (Par or Better) stay at +1 handicap even if they shoot -2 or better. Your handicap would adjust once you shoot worse than Par.
- After adjusting your handicap, to avoid decimals- Stix League rounds down if you shoot under your current week handicap and we round up when you shoot over your current week handicap.

Handicap Examples:

ESTABLISH HANDICAP EXAMPLE PAR 36

- **Week 1-4** I shoot 44, 39, 40, 37
 - Add the four weeks together and divide by 4 to get your Average Score.
 - $44 + 39 + 40 + 37 / 4 = 40$ (average score)
 - Take your average score **40** minus **(Par) 36 = 4** (handicap)
 - Your handicap is now **4** going into **Week 5**.

League is Split up in 4 Divisions based off Total Team Strokes After Week 4!

SCORING HANDICAP EXAMPLE PAR 36

- **Current Handicap: 4**
- **Week 5** I shoot 37
 - Subtract Your Week 5 Score from Par 36.
 - $37 - 36 = 1$
 - Add your Current Handicap to the Week 5 Score and then divide by 2.
 - 4 (Current Handicap) + 1 (Week 5) / $2 = 2.5$ (Round down since you scored under your current handicap) Your new handicap is **2**.
- Take your current week score **37** minus **2** (Handicap). $37 - 2 = 35$ (Net Score)

You went **-1**, and your handicap is now **2**. Add your score with your partner's score and the trend continues.

Net Leaderboards Start Week 5!
